

Shift Engineer (Full-time)

The Organization

Operating under The Manitoba Centennial Centre Corporation Act, MCCC is a Province of Manitoba Crown Corporation that supports arts and culture in Manitoba through the following buildings and properties: Centennial Concert Hall; Manitoba Museum; Planetarium; Artspace; Royal Manitoba Theatre Centre; Warehouse Theatre; Manitoba Production Centre; extension services buildings and four parking facilities.

The Position

Reporting to the Supervisor, Plant Services the incumbent operates, tests, monitors, and assists in the maintenance of life safety and physical plant equipment, pressure vessels, heating, cooling, climate control and lighting equipment to ensure optimal performance with a view to reduce and avoid unnecessary maintenance costs and energy consumption. Averaged 40-hour work week, involves shift work. Must possess a 4th Class Power Engineer licence.

Typical duties:

- Operate equipment that provides heating, cooling, ventilation, water, light, power, signals, and alarms in commercial buildings
- Inspect, test, and prepare critical equipment for inspection by authorities and as directed by authorities
- Test and service fluids for heating, humidification and chiller plant equipment using strong chemical compounds and mixtures safely and accurately
- Service and maintain HVAC air handling equipment and utility equipment located indoors and outdoors and in all seasons; some at heights and others in confined areas
- Tend to life safety systems and equipment alarms as first responder and communicate with identified personnel
- Conduct inventory and ensure adequate supply available for plant operations
- Maintain physical plant and equipment rooms optimal condition, tidy, painted, labeled and safety signs
- Perform other related duties as assigned including reporting and record keeping

Qualifications and Competencies

- Valid 4th Class Power Engineer's certificate (minimum) and licence without restrictions (required)
- Grade XII with minimum 2 years' related experience working with DDC building controls, basic steam-fitting, or plumbing or electrical maintenance
- Criminal Record Search Certificate for vulnerable sector search (Winnipeg Police Service)
- Child Abuse Registry Self-Check Certificate (Manitoba)
- Physically capable of performing duties assigned

Salary

\$1,732.00 to \$2,026.40 bi-weekly (5 steps as per MCCC and MGEU Collective Agreement)
Includes a comprehensive benefits package upon successful completion of probation.
